

Introduced by Senator Murray

February 24, 2006

An act relating to the Internet.

LEGISLATIVE COUNSEL'S DIGEST

SB 1740, as introduced, Murray. Internet safety and security.

Existing law, the Consumer Protection Against Computer Spyware Act, provides specified protections for the computers of consumers in this state against certain types of computer software. Existing law, the Anti-Phishing Act of 2005, also provides specified protections against certain misrepresentations using the Internet or other electronic means.

This bill would declare the intent of the Legislature to enact legislation that would promote and ensure safety and security on the Internet.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature to enact
- 2 legislation that would promote and ensure safety and security on
- 3 the Internet.

O
